BUILT TO LAST

The Oxlife Independence
Backed with a Standard 5-Year Warranty
The Oxlife Independence by O2 Concepts is the only concentrator on the market with all light-weight metal construction and standard 5 year warranty. It was specifically designed to handle the rigors of 24/7 use. With continuous flow up to 3LPM and pulse settings up to 6 (96 mL), the Oxlife Independence is the ideal non-delivery solution for your most demanding oxygen patients.

- Patented ESA technology enables the Oxlife Independence to have the longest battery life in its class
- Can be used on all settings while plugged in a car (DC mode)
- Integrated DC power supply - no external brick
- Durable exterior made of all light-weight metal to survive your most demanding oxygen patients

- FAA Approved
- Convenient access to preventative maintenance door for fast and easy pump filter change
- Integrated cart with 6” wheels offers “best in class” mobility and lighter overall weight
- Custom split battery configuration allows for “hot swapping” of battery. No loss of oxygen when switching battery

Durability That Outlasts the Competition.
